

MADE IN ITALY

NAVY SHIPS LED LIGHT FIXTURES

INNOVATIVE AND FUTURE PROOF

naval.atiled.it

We are delighted and proud to present to the market the first Atiled Naval division catalogue. Thanks to Fabas Luce this youngest division has very solid technical base and you can count on its LED lighting solutions.

Our fixtures for navy and cruise ships are really “LED native”, new and original. LED board and fixture housing born together to assure top performances and huge life. With this innovative design approach we are capable to produce the most powerful, compact and low weight LED fixtures on the market.

Discover in the next pages our light fixtures indoor and open deck complete range, ready to carefully illuminate every spaces on board. You can rely on them and on Fabas Luce as trustable partner.

We hope that all the different models fulfil your requirements, but if you don't find what you are looking for we are open to evaluate your specific needs and realize custom LED light fixture solution.

FABAS LUCE S.p.A.

Our history

FABAS LUCE deals with the creation, production and distribution of lighting fixtures since 1979, founded by Mr. Azelio Giberti, and has its headquarters in Brugherio, located in the north-east of Milan.

It's a company in constant growth thanks to the continuous and fruitful development of new models that are created every year by a team of Italian designers and that is accompanied by the ability to satisfy our customers with fast deliveries thanks to our logistics warehouse that counts over 9000 pallets places.

This enviable wealth of experience allows us today to be present in all European countries, in the Middle East, Africa and Asia with the collaboration of the distribution companies in our sector.

The milestones of our history:

1979

Fabas Luce's start up:
the first factory has an
area of 2.000 sqm
The core business
was, at that time,
focused in the
decorative lighting.

1998

We move to a
new headquarters
in Brugherio in a
production facility of
about 4,000 sqm and
at the same time the
father transfers the
ownership to his sons.

2006

We open our daughter
company FABAS LUCE
GMBH in Arnsberg,
Germany (50 km east
of Dortmund)

2008

We build the new
headquarters of
9.000 sqm always
in Brugherio facing
the A4 motorway, in
a structure of over
9,000 square meters,
built, designed and
tailored according to
our production, logistic
and commercial needs

2008

2010

We create a new division called ATILED for LED Technical lighting

2015

We open a second branch in Offenburg, Germany for Atiled division

2017

We create a new Atiled Naval division to design and produce specific LED light fixtures for navy and cruise ships

2018

Smartluce comes: the vocal assistant for lighting control system

Vision

A story which started 40 years ago.

A story that spans generations.

A story rich in tradition and passion for the job, which starts early in the morning and ends late at night.

A story made of creative flair and innovation.

Fabas is a company that wants to confirm his role as a reference company in the lighting business.

Mission

Our clients, our main priority.

Before and after sale, Fabas Luce client never feels alone. He is always accompanied by proposals, solutions and courtesy.

Our main goal is to focus on product quality and customer service, even in after sale, and this is one of the reasons of FABAS LUCE steady growth over the last years. This was and it continues to be possible thanks to highly professional staff who responds quickly and courteously to the most varied demands of our many customers.

The Present

During the years, Stefano and Donatella Giberti with Fabio Castelli have changed the face of the company. The result is a continuous expansion in the national and international lighting market.

A large factory, fully automated in almost all the production with a cutting-edge logistic system and with a particular sensibility to energy saving and environmental protection topics.

The increased productivity has not however affected the deep ethical sens desired by the owners and the goal of Fabas Luce Spa it is still the same: to continue being successful with its products, in Italy and in the world, respecting people and rules.

Perfect solution for many different indoor and weather decks illumination needs.
NVG Night Vision Goggles Compatible version available. LED light colors: red, green, blue.

White Ral 9010

Grey Ral 7040

Blue Ral 5011

Optic diffused beam	180°
Diffuser anti glare opal polycarbonate	Flame rating V-0 (UL 94 test), UV resistant
Color Rendering Index	CRI >85
Photobiological risk group	RG0
Electric power inputs	With electronic power supply inside the fixture.
Wiring	Line in and line out with junction box on the fixture back side
Power factor	>0,9
Insulation	Class 1
IP Rate	IP66
Housing	Made of marine grade copper free aluminum, inox bolts
Fixing	Stainless steel brackets AISI 316L
Net Weight	2,5 Kg
System lifetime hours	L70 B10 50.000 hours at ambient temperature +35°C
International Standards, compliance where applicable	IEC 60092-306; IEC 60533; EN 60598-1
Peculiar features	TVE for outside deck is equipped with anti-condensation valve for air recirculation

TON 160

HIGH EFFICIENCY LED FLOODLIGHT

Powerful, precise and robust LED flood light
Compact and low weight housing
One lens for each LED assure intense and precise light beam

On request different housing color and light temperature color

Diffuser	Clear tempered glass
Color Rendering Index	CRI >70
Power consumption	160 W
Electric power inputs	With electronic power supply on the fixture
Wiring	Power line connection with junction box or IP68 connector
Power factor	>0,9
Insulation	Class 1
IP rate	IP66
Working ambient temperatures	Equipped with active control of external ambient temperature
Housing	Orientable made of marine grade copper free aluminum grey, inox bolts, with anti-condensation valve for air recirculation
Fixing	Orientable stainless steel brackets AISI 316
Net Weight	8,5 Kg
System lifetime hours	L70 B10 50.000 hours
International Standards, compliance where applicable	IEC 60092-306; IEC 60533; EN 60598-1

PSAR 2

RECESSED ROUND LED LIGHT FIXTURE

Suitable for offices, wardroom, messroom, bathrooms
Light colors available in white warm or natural, Red, Blue, Green

Optic diffused beam	180°
Diffuser	Opal polycarbonate
Color Rendering Index	CRI >80
Photobiological risk group	RG0
Power factor	>0,5
Electric power input	Power supply to be installed outside fixture
Insulation	Class II
IP Rate	IP44
Housing	Aluminum, white painted
Fixing	With 3 screws and / or springs
Net Weight	0,7 Kg
System lifetime hours	>50.000
International Standard	EN 60598-1

Dimensions mm

Open deck LED light fixture

Optic beam	180°
Diffuser	Opal polycarbonate
Color Rendering Index	CRI >85
Power consumption	20 W
Electric power	Input 100/240 VAC 50/60 Hz - Output 24 V DC
Power Supply	Power supply included. Power supply is not inside housing, but to be installed in metal box (not supplied) inside ship hull
Wiring	Line in cable factory connected to the fixture, ready for junction in power supply box inside ship
Power factor	>0,9
Insulation	Class 2
IP Rate	IP66
Working ambient temperatures	-25° / +55°C
Housing	Orientable made of anodized aluminum
Fixing	Adjustable stainless steel brackets AISI 316
Weight	2,5 Kg
System lifetime hours	L70 B10 50.000 hours

Dimensions mm

KEROS dark IP65	6740-04-005	4000 K	5200	45	White	220/240 VAC	-20° / +45°	

Suitable for Galley, Cold Room, CBRN chemical, biological, radiological and nuclear decontamination stations

STAINLESS STEEL LED LIGHT FIXTURE USPHS COMPLIANT FOR **GALLEY** AND **COLD ROOM** **CBRN** CHEMICAL, BIOLOGICAL, RADIOLOGICAL AND NUCLEAR DECONTAMINATION STATIONS

Optic diffused beam	180°
Diffuser anti glare opal polycarbonate	Flame rating V-0 (UL 94 test), UV resistant
Photobiological risk group	RG0
Power consumption	32 W
System lifetime hours	L80 B10 >75.000 hours
Color Rendering Index	CRI 85
Electric power inputs	With electronic power supply inside the fixture
Wiring	Line in and line out inside fixture
Power factor	>0,9
Insulation	Class 1
IP rate	IP66 and IP67
Housing	Stainless steel AISI 316L with anti-condensation valve for air recirculation
Fixing	Counter ceiling with holes for 6 screws, perimeter sealed with silicone gasket
Net Weight	2 Kg
International Standards	CE, USPHS compliant

GALCOR

Fabas Luce carefully manage all the different technologies that are necessary to produce reliable led light fixtures. According to the type of light needed we select top quality leds and design the proper electronic board. We develop compact fixture housing with marine grade aluminum or stainless steel that assure the right heat dissipation and long lasting in harsh environment. The light diffusers and the optics are designed to create the best efficient view.
